

We offer the widest variety of custom made Stainless steel furniture like as Cleanroom tables, Pass thru boxes, workstations, work benches, storage cabinets etc.

The easy cleaning ability of steel furniture makes it the first choice for strict hygienic conditions. Stainless steel is basically inert to most of the acids / alkali's released by foods, vegetables, additives etc.. It does not normally get pitted, thus avoiding the worst chance for bacterial infection.

CLEAN ROOM FURNITURE

All are designed and manufactured in specifically for cleanroom use. A wide range of stainless steel furniture from step over benches to workstations and more, suitable for gowning and cleanroom use. All products are made of 304-grade stainless steel as standard and 316-grade to suit those requiring a more intense wipe down procedure.
